

Each man is free

By

Dr Wilson Orhiunu (Babawilly)

Each man is free  
to join any club  
in Africa.  
Even if the entrance form  
is submitted with  
male genitals.  
He is free  
it is his prerogative.  
However the genital must be his  
Must be his  
Must be his.

Each person  
who thinks  
wealth will come  
from the beheading of a human  
must ensure he uses  
his head to make  
the money.  
The head must be his  
must be his  
Must be his

The venerable should  
not pay the genital price  
of admission  
into clubs

The innocent must be  
exempt from the  
heady means to  
fast riches  
Both are free born  
Free to keep their genitals  
Free to keep their heads  
So when next you need  
Spare parts  
Use you own.

God punish all of una  
wey sabi una self.
