Adiza, Adiza, you dey do me laik film  
My bodi dey tingle  
My heart get warm glow

You colour my whole world  
With strokes of pure joy  
When you smile and you touch me  
I'm sailing the clouds

Shey you dey react  
To silver and Gold  
No problem, I will adorn  
Your fine neck with precious stones

Your figure na wahala!  
Your legs dey kampe  
With you in my arms  
I feel I don win

I go climb the love palm tree  
And tap love palmmy  
We go drink dey milliki  
From midnight till dawn

You will front all my companies  
And secret accounts  
In your name I will win contracts  
To cover my tracks

Our pickin go fine  
From what I can see  
But sha no vex for me  
As I never propose

My mama find one girl  
She dey toast soup well well

She get six month belle  
Na village she live

But why you come slap me  
Adiza my dear

Abi themu no tell you  
Say na Nigeria we dey

Me and you go go functions  
And big official trips  
But the babe for my village  
Go dey cook and dey born.
